

# 2019 Annual Report

Promoting safer chemicals, a sustainable economy, and a healthier world.

## PROGRAM IMPACTS

2019 was one for the record books, in which Clean and Healthy New York ramped up our work to protect people from toxic chemicals.

### Here's what we accomplished:

Issued new Roadmap for New York's Environmental Leadership, endorsed by more than **50** organizations.

Successfully pushed buybuyBABY to adopt a **Priority Chemicals Program** for personal care products.

Won **5** new laws to increase information about toxics and reduce their use, including:

- **Child Safe Products Act**
- Menstrual Product Ingredient Disclosure
- PFAS Ban in Firefighting Foam

Protected children from lead poisoning by getting NYS to lower blood lead action levels from **10** to **5** (µg/dL).

Delivered **11** workshops for procurement officers and childcare providers.

## ORGANIZATIONAL GROWTH

In 2019, CHNY greatly expanded capacity to achieve our organization's core mission.

Increased staff from **4** to **6** full-time positions.

Moved our operations to brand-new offices on Lafayette Park, just a **three-minute walk** from the NYS Capitol.

Added **3** influential, skilled, and dedicated professionals to our Board of Directors.

The coalitions we lead continued to grow in numbers and influence.

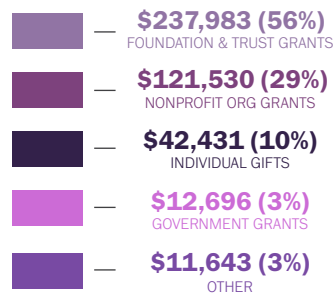

- Getting Ready for Baby
- JustGreen Partnership
- Roadmap to a Nontoxic Circular Economy

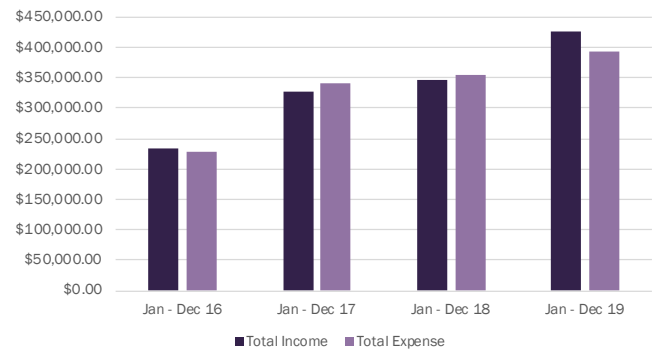

# FINANCIAL SUPPORT

2019 INCOME: **\$426,282**

2019 EXPENSES: **\$393,155**

## FINANCIAL GROWTH, 2016-2019

Over the past four years, support for environmental health and CHNY's mission has grown, enabling us to expand our capacity to protect people's health and the planet.

A COPY OF OUR 2019 FINANCIAL REVIEW AND 990 WILL BE AVAILABLE IN FALL 2020.

Program Associate

### Our Mission

Clean and Healthy New York, Inc. (CHNY) advances broad policy and market changes to promote safer chemicals, a sustainable economy, and a healthier world. CHNY is the continuation of Clean New York, which was founded by experienced environmental health advocates in 2006. We are key state and national players, fulfilling numerous leadership roles and providing crucial advocacy, education and research in service of chemical policy and market reform.
